

Romanian-Serbian Research Networking Tour 2017

Romania: 25.-26.09.2017, Hotel Sheraton Bucharest

Serbia : 28.-29.09.2017, Hotel Metropol Palace Belgrade

The German Academic Exchange Service (DAAD) invites universities and research institutions from across Southeast Europe interested in strengthening their ties with German institutions to participate in Networking Events that will take place in Bucharest and Belgrade.

The German participants in this event will come from some of the country's leading universities, graduate schools and research institutions working in the fields of biochemistry and related research areas. The focus will be on Bio-Tech, Bio-Chemistry and Bio-Engineering. Researchers and administrators from bordering disciplines are also welcome to participate.

The institutions will be represented by administrators with a responsibility for international matters and a scholar from one of the aforementioned research areas.

One-on-one meetings with German university representatives

Institutional networking event

These face-to-face meetings are intended to offer an opportunity for universities and research institutions from the region to strengthen their existing contacts and establish new, long-term partnerships with Germany's best universities and scientific institutions.

PhD and PostDoc consultations

In a second event, the German representatives offer one-on-one consultations for PhDs and Postdocs. Please feel free to forward the following registration link to young researchers that might be interested in participating.

Event Details

The meetings are arranged via an online tool. Registered participants can upload information about their professional background and request individual meetings with representatives of German institutions. Shortly before the event, each participant receives a personalised meeting schedule.

Our German delegation greatly looks forward to becoming acquainted with you and your university in Bucharest or Belgrade!
